BELARUS IN EXILE

BURNING MAN 2025 / NARRATIVE DJ SET

A continuous two-hour journey through 55 Belarusian-language tracks. The set moves through homeland, pressure, rupture, escape, exile and release, carrying cultural memory toward the dancefloor.

ARTIST STORY

DJ Sir Gay is the project of Sergey Ulyanov. The name reclaims a childhood taunt and turns it into authorship, self-irony and a public language for freedom. His work connects queer visibility, Belarusian culture and global pop without genre borders.
